**In the One Hundred and Ninety-Second General Court  
(2021-2022)**  
\_\_\_\_\_

An Act relative to end of life options.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           The General Laws is hereby amended by inserting after Chapter 201F the following  
2 chapter:-

3           CHAPTER 201G

4           MASSACHUSETTS END OF LIFE OPTIONS ACT

5           Section 1. For the purposes of this chapter, the following terms shall have the following  
6 meanings unless the context clearly requires otherwise:

7           “Adult”, an individual who is 18 years of age or older.

8           “Aid in Dying”, the medical practice of a physician prescribing lawful medication to a  
9 qualified patient, which the patient may choose to self-administer to bring about a peaceful  
10 death.

11           “Attending physician”, the physician who has primary responsibility for the care of a  
12 terminally ill patient.

13           “Capable”, having the capacity to make informed, complex health care decisions;  
14 understand the consequences of those decisions; and to communicate them to health care  
15 providers, including communication through individuals familiar with the patient’s manner of  
16 communicating if those individuals are available.

17           “Consulting physician”, a physician who is qualified by specialty or experience to make a  
18 professional diagnosis and prognosis regarding a terminally ill patient’s condition.

19           “Counseling”, one or more consultations as necessary between a licensed mental health  
20 professional and a patient for the purpose of determining that the patient is capable and not  
21 suffering from a psychiatric or psychological disorder or depression causing impaired judgment.  
22 A licensed mental health professional, as defined by the department of public health for the  
23 purposes of this chapter, that is part of an interdisciplinary team defined in 105 CMR 141.203,  
24 for a patient receiving hospice care, may provide the necessary consultations, provided that a  
25 consultation occurs after the patient has made the oral request.

26           “Guardian”, an individual who has qualified as a guardian of an incapacitated person  
27 pursuant to court appointment and includes a limited guardian, special guardian and temporary  
28 guardian, but excludes one who is merely a guardian ad litem as defined in section 5-101 of

29 article V of chapter 190B. Guardianship shall not include a health care proxy as defined by  
30 chapter 201D.

31 “Health care provider”, an individual licensed, certified, or otherwise authorized or  
32 permitted by law to administer health care or dispense medication in the ordinary course of  
33 business or practice of a profession, including a health care facility.

34 “Incapacitated person”, an individual who for reasons other than advanced age or being a  
35 minor, has a clinically diagnosed condition that results in an inability to receive and evaluate  
36 information or make or communicate decisions to such an extent that the individual lacks the  
37 ability to meet essential requirements for physical health, safety, or self-care, even with  
38 appropriate technological assistance. An “incapacitated person” shall be defined consistent with  
39 the definition of an individual described in section 5-101 of article V of chapter 190B.

40 “Informed decision”, a decision by a qualified patient to request and obtain a prescription  
41 for medication pursuant to this chapter that is based on an understanding and acknowledgment of  
42 the relevant facts and that is made after being fully informed by the attending physician of:

43 (a) the patient’s medical diagnosis;

44 (b) the patient’s prognosis;

45 (c) the potential risks associated with taking the medication to be prescribed;

46 (d) the probable result of taking the medication to be prescribed; and

47 (e) the feasible alternatives or additional treatment opportunities, including, but not  
48 limited to, palliative care as defined in section 227 of chapter 111.

49 “Medically confirmed,” the medical opinion of the attending physician has been  
50 confirmed by a consulting physician who has examined the patient and the patient’s relevant  
51 medical records.

52 “Medication”, aid in dying medication.

53 “Palliative care”, a health care treatment as defined in section 227 of chapter 111,  
54 including interdisciplinary end-of-life care and consultation with patients and family members, to  
55 prevent or relieve pain and suffering and to enhance the patient’s quality of life, including  
56 hospice.

57 “Patient”, an individual who has received health care services from a health care provider  
58 for treatment of a medical condition.

59 “Physician”, a doctor of medicine or osteopathy licensed to practice medicine in  
60 Massachusetts by the board of registration in medicine.

61 “Qualified patient”, a capable adult who is a resident of Massachusetts, has been  
62 diagnosed as being terminally ill, and has satisfied the requirements of this chapter.

63 “Resident”, an individual who demonstrates residency in Massachusetts by presenting  
64 one form of identification which may include but is not limited to:

65 (a) possession of a Massachusetts driver’s license;

66 (b) proof of registration to vote in Massachusetts;

67 (c) proof that the individual owns or leases real property in Massachusetts;

68 (d) proof that the individual has resided in a Massachusetts health care facility for at least  
69 3 months;

70 (e) computer-generated bill from a bank or mortgage company, utility company, doctor,  
71 or hospital;

72 (f) a W-2 form, property or excise tax bill, or Social Security Administration or other  
73 pension or retirement annual benefits summary statement dated within the current or prior year;

74 (g) a MassHealth or Medicare benefit statement; or

75 (h) filing of a Massachusetts tax return for the most recent tax year.

76 “Self-administer”, a qualified patient’s act of ingesting medication obtained under this  
77 chapter.

78 “Terminally ill”, having a terminal illness or condition which can reasonably be expected  
79 to cause death within 6 months, whether or not treatment is provided.

80 Section 2. (a) A patient wishing to receive a prescription for medication under this  
81 chapter shall make an oral request to the patient's attending physician. No less than 15 days after  
82 making the request the patient shall submit a written request to the patient's attending physician  
83 in substantially the form set in section 4.

84 (b) A terminally ill patient may voluntarily make an oral request for aid in dying and a  
85 prescription for medication that the patient can choose to self-administer to bring about a  
86 peaceful death if the patient:

87 (1) is a capable adult;

88 (2) is a resident of Massachusetts; and

89 (3) has been determined by the patient's attending physician to be terminally ill.

90 (c) A patient may provide a written request for aid in dying and a prescription for  
91 medication that the patient can choose to self-administer to bring about a peaceful death if the  
92 patient:

93 (1) has met the requirements in subsection (b);

94 (2) has been determined by a consulting physician to be terminally ill;

95 (3) has been approved by a licensed mental health professional; and

96 (4) has had no less than 15 days pass after making the oral request.

97 (d) A patient shall not qualify under this chapter if the patient has a guardian.

98 (e) A patient shall not qualify under this chapter solely because of age or disability.

99 Section 3. (a) A valid written request must be witnessed by at least two individuals who,  
100 in the presence of the patient, attest that to the best of their knowledge and belief that patient is:

101 (1) personally known to the witnesses or has provided proof of identity;

102 (2) acting voluntarily; and

103 (3) not being coerced to sign the request.

104 (b) At least one of the witnesses shall be an individual who is not:

105 (1) a relative of the patient by blood, marriage, or adoption;

106 (2) an individual who at the time the request is signed would be entitled to any portion of  
107 the estate of the qualified patient upon death under any will or by operation of law;

108 (3) financially responsible for the medical care of the patient; or

109 (4) an owner, operator, or employee of a health care facility where the qualified patient is  
110 receiving medical treatment or is a resident.

111 (d) The patient's attending physician at the time the request is signed shall not serve as a  
112 witness.

113 (e) If the patient is a patient in a long-term care facility at the time the written request is  
114 made, one of the witnesses shall be an individual designated by the facility.

115 Section 4.

116 REQUEST FOR AID IN DYING MEDICATION PURSUANT TO THE  
117 MASSACHUSETTS END OF LIFE OPTIONS ACT

118 I, . . . . . , am an adult of sound mind and a resident of the State of  
119 Massachusetts. I am suffering from . . . . . , which my attending physician has  
120 determined is a terminal illness or condition which can reasonably be expected to cause death  
121 within 6 months. This diagnosis has been medically confirmed as required by law.

122 I have been fully informed of my diagnosis, prognosis, the nature of the aid in dying  
123 medication to be prescribed and potential associated risks, the expected result, and the feasible  
124 alternatives and additional treatment opportunities, including comfort care, hospice care, and  
125 pain control.

126 I request that my attending physician prescribe aid in dying medication that will end my  
127 life in a peaceful manner if I choose to take it, and I authorize my attending physician to contact  
128 any pharmacist to fill the prescription.

129 I understand that I have the right to rescind this request at any time. I understand the full  
130 import of this request and I expect to die if I take the aid in dying medication to be prescribed. I  
131 further understand that although most deaths occur within three hours, my death may take longer  
132 and my physician has counseled me about this possibility. I make this request voluntarily,  
133 without reservation, and without being coerced, and I accept full responsibility for my actions.

134 Signed:..... Dated:.....

135 DECLARATION OF WITNESSES

136 By signing below, on the date the patient named above signs, we declare that the patient  
137 making and signing the above request is personally known to us or has provided proof of  
138 identity, and appears to not be under duress, fraud, or undue influence.

139 Printed Name of Witness 1: .....

140 Signature of Witness 1/Date: .....

141 Printed Name of Witness 2: .....

142 Signature of Witness 2/Date: .....

143 Section 5. (a) A qualified patient may at any time rescind the request for medication  
144 under this chapter without regard to the qualified patient's mental state.

145 (b) A prescription for medication under this chapter may not be written without the  
146 attending physician offering the qualified patient an opportunity to rescind the request for  
147 medication.

148 Section 6. (a) The attending physician shall:

149 (1) make the initial determination of whether an adult patient:

150 (i) is a resident of this state;

151 (ii) is terminally ill;

152 (iii) is capable; and

153 (iv) has voluntarily made the request for aid in dying.

154 (2) ensure that the patient is making an informed decision by discussing with the patient:

155 (i) the patient's medical diagnosis;

156 (ii) the patient's prognosis;

157 (iii) the potential risks associated with taking the medication to be prescribed;

158 (iv) the probable result of taking the medication to be prescribed; and

159 (v) the feasible alternatives and additional treatment opportunities, including, but not  
160 limited to, palliative care as defined in section 227 of chapter 111.

161 (3) refer the patient to a consulting physician to medically confirm the diagnosis and  
162 prognosis and for a determination that the patient is capable and is acting voluntarily;

- 163 (4) refer the patient for counseling pursuant to section 8;
- 164 (5) ensure that sections 6 through 8, inclusive, are followed in chronological order;
- 165 (6) have a prior clinical relationship with the patient, unless the patient's primary care  
166 physician is unwilling to participate;
- 167 (7) recommend that the patient notify the patient's next of kin;
- 168 (8) recommend that the patient complete a Medical Order for Life-Sustaining Treatment  
169 form;
- 170 (9) counsel the patient about the importance of:
- 171 (i) having another individual present when the patient takes the medication prescribed  
172 under this chapter; and
- 173 (ii) not taking the medication in a public place;
- 174 (10) inform the patient that the patient may rescind the request for medication at any time  
175 and in any manner;
- 176 (11) verify, immediately prior to writing the prescription for medication, that the patient  
177 is making an informed decision;
- 178 (12) educate the patient on how to self-administer the medication;
- 179 (13) fulfill the medical record documentation requirements of section 13;
- 180 (14) ensure that all appropriate steps are carried out in accordance with this chapter  
181 before writing a prescription for medication for a qualified patient; and

182 (15) (i) dispense medications directly, including ancillary medications intended to  
183 facilitate the desired effect to minimize the patient's discomfort, if the attending physician is  
184 authorized under law to dispense and has a current drug enforcement administration certificate;  
185 or

186 (ii) with the qualified patient's written consent;

187 (A) contact a pharmacist, inform the pharmacist of the prescription, and

188 (B) deliver the written prescription personally, by mail, or by otherwise permissible  
189 electronic communication to the pharmacist, who will dispense the medications directly to either  
190 the patient, the attending physician, or an expressly identified agent of the patient. Medications  
191 dispensed pursuant to this paragraph shall not be dispensed by mail or other form of courier.

192 (b) The attending physician may sign the patient's death certificate which shall list the  
193 underlying terminal disease as the cause of death.

194 Section 7. (a) Before a patient may be considered a qualified patient under this chapter  
195 the consulting physician shall:

196 (1) examine the patient and the patient's relevant medical records;

197 (2) confirm in writing the attending physician's diagnosis that the patient is suffering  
198 from a terminal illness; and

199 (3) verify that the patient:

200 (i) is capable;

201 (ii) is acting voluntarily; and

202 (iii) has made an informed decision.

203 Section 8. (a) An attending physician shall refer a patient who has requested medication  
204 under this chapter to counseling to determine that the patient is not suffering from a psychiatric  
205 or psychological disorder or depression causing impaired judgment. The licensed mental health  
206 professional shall review the medical history of the patient relevant to the patient's current  
207 mental health and then shall submit a final written report to the prescribing physician.

208 (b) The medication may not be prescribed until the individual performing the counseling  
209 determines that:

210 (1) the patient is not suffering from a psychiatric or psychological disorder or depression  
211 causing impaired judgment; and

212 (2) the licensed mental health professional has no reason to suspect coercion in the  
213 patient's decision-making process.

214 Section 9. A qualified patient may not receive a prescription for medication pursuant to  
215 this chapter unless the patient has made an informed decision. Immediately before writing a  
216 prescription for medication under this chapter the attending physician shall verify that the  
217 qualified patient is making an informed decision.

218 Section 10. The attending physician shall recommend that a patient notify the patient's  
219 next of kin of the patient's request for medication pursuant to this chapter. A request for  
220 medication shall not be denied because a patient declines or is unable to notify the next of kin.

221 Section 11. The following items shall be documented or filed in the patient's medical  
222 record:

- 223 (1) the determination and the basis for determining that a patient requesting medication  
224 pursuant to this chapter is a qualified patient;
- 225 (2) all oral requests by a patient for medication;
- 226 (3) all written requests by a patient for medication made pursuant to sections 3 through 5,  
227 inclusive;
- 228 (4) the attending physician's diagnosis, prognosis, and determination that the patient is  
229 capable, is acting voluntarily, and has made an informed decision;
- 230 (5) the consulting physician's diagnosis, prognosis, and verification that the patient is  
231 capable, is acting voluntarily, and has made an informed decision;
- 232 (6) a report of the outcome and determinations made during counseling;
- 233 (7) the attending physician's offer before prescribing the medication to allow the qualified  
234 patient to rescind the patient's request for the medication;
- 235 (8) other care options that were offered to the patient, including, but not limited to,  
236 hospice and palliative care; and
- 237 (9) a note by the attending physician indicating:
- 238 (a) that all requirements under this chapter have been met; and
- 239 (b) the steps taken to carry out the request, including a notation of the medication  
240 prescribed.

241           Section 12. Any medication dispensed under this chapter that was not self-administered  
242 shall be disposed of by lawful means. The medication dispenser shall be responsible for  
243 informing the individual collecting the medication what disposal by lawful means entails.

244           Section 13. Physicians shall keep a record of the number of requests; number of  
245 prescriptions written; number of requests rescinded; the number of qualified patients that took  
246 the medication under this chapter; the general demographic and socioeconomic characteristics of  
247 the patient, and any physical disability of the patient. This data shall be reported to the  
248 department of public health annually, and shall subsequently be made available to the public.

249           Section 14. (a) Any provision in a contract, will, or other agreement, whether written or  
250 oral, to the extent the provision would affect whether a patient may make or rescind a request for  
251 medication pursuant to this chapter, is not valid.

252           (b) A qualified patient's act of making or rescinding a request for aid in dying shall not  
253 provide the sole basis for the appointment of a guardian or conservator.

254           (c) A qualified patient's act of self-administering medication obtained pursuant to this act  
255 shall not constitute suicide or have an effect upon any life, health, or accident insurance or  
256 annuity policy.

257           (d) Actions taken by health care providers and patient advocates supporting a qualified  
258 patient exercising his or her rights pursuant to this chapter, including being present when the  
259 patient self-administers medication, shall not for any purpose, constitute elder abuse, neglect,  
260 assisted suicide, mercy killing, or homicide under any civil or criminal law.

261 (e) State regulations, documents and reports shall not refer to the practice of aid in dying  
262 under this chapter as "suicide" or "assisted suicide."

263 Section 15. (a) A health care provider may choose whether to voluntarily participate in  
264 providing to a qualified patient medication pursuant to this chapter and shall not be under any  
265 duty, whether by contract, by statute, or by any other legal requirement, to participate in  
266 providing a qualified patient with the medication.

267 (b) A health care provider or professional organization or association may not subject an  
268 individual to censure, discipline, suspension, loss of license, loss of privileges, loss of  
269 membership, or other penalty for participating or refusing to participate in providing medication  
270 to a qualified patient under this chapter.

271 (c) If a health care provider is unable or unwilling to carry out a patient's request under  
272 this chapter and the patient transfers care to a new health care provider, the prior health care  
273 provider shall transfer, upon request, a copy of the patient's relevant medical records to the new  
274 health care provider.

275 (d) (1) Health care providers shall maintain and disclose upon request their written  
276 policies outlining the extent to which they refuse to participate in providing to a qualified patient  
277 any medication under this chapter.

278 (2) The required consumer disclosure shall at minimum:

279 (i) include information about this chapter;

280 (ii) identify the specific services in which they refuse to participate;

281 (iii) clarify any difference between institution-wide objections and those that may be  
282 raised by individual licensed providers who are employed or work on contract with the provider;

283 (iv) describe the mechanism the provider will use to provide patients a referral to another  
284 provider or provider in the provider's service area who is willing to perform the specific health  
285 care service;

286 (v) describe the provider's policies and procedures relating to transferring patients to  
287 other providers who will implement the health care decision; and

288 (vi) inform consumers that the cost of transferring records will be borne by the  
289 transferring provider.

290 (c) The consumer disclosure shall be provided to an individual upon request.

291 Section 16. (a) Purposely or knowingly altering or forging a request for medication under  
292 this chapter without authorization of the patient or concealing or destroying a rescission of a  
293 request for medication is punishable as a felony if the act is done with the intent or effect of  
294 causing the patient's death.

295 (b) An individual who coerces or exerts undue influence on a patient to request  
296 medication to end the patient's life, or to destroy a rescission of a request, shall be guilty of a  
297 felony punishable by imprisonment in the state prison for not more than 3 years or in the house  
298 of correction for not more than 2½ years or by a fine of not more than \$1,000 or by both such  
299 fine and imprisonment.

300 (c) Nothing in this chapter limits further liability for civil damages resulting from other  
301 negligent conduct or intentional misconduct by any individual.

302 (d) The penalties in this chapter do not preclude criminal penalties applicable under other  
303 law for conduct inconsistent with the provisions of this chapter.

304 Section 17. A governmental entity that incurs costs resulting from a qualified patient self-  
305 administering medication in a public place while acting pursuant to this chapter may submit a  
306 claim against the estate of the patient to recover costs and reasonable attorney fees related to  
307 enforcing the claim.

308 Section 18. If an emergency medical provider finds a patient who has self-administered  
309 the prescription, they shall follow standard resuscitation protocol. If a Medical Order for Life-  
310 Sustaining Treatment or other legally recognized do-not-resuscitate order is found, then the  
311 medical provider shall follow the directives of the form.

312 Section 19. Nothing in this chapter may be construed to authorize a physician or any  
313 other individual to end a patient's life by lethal injection, mercy killing, assisted suicide, or active  
314 euthanasia.

315 Section 20. If any provision of this chapter or its application to any individual or  
316 circumstance is held invalid, the remainder of the act or the application of the provision to other  
317 individuals or circumstances is not affected.
